## SJHWGA Games

Weekly, at SJHWGA a variety of different games are played. The weekly games are pre-set on the Annual Calendar posted to the website. The weekly games are a form of competition amongst it's members. Prizes awarded each week are funded by the player's annual membership dues. All scheduled members are automatically included in the competition with no further game day entry required.

The purpose of this document is to provide a Games orientation for new members, showing the general description of the game, how to score and a scorecard example.

## Games Scorecards

To submit a scorecard for games, the following areas must be filled out:

- Your name, date of game and handicap per the sheet at starter's desk
- Gross scores on each hole with subtotal on front nine, back nine, and overall
- On a separate line the score of the holes counting toward the game with a total for the game
- Scorer's signature and witness (attested) signature

You may take an " $X$ " most likely score on a hole that does not count in the game (up until x9)
Take a maximum score of 10 (no x) on any hole, this will not disqualify you from the game
If there is a scoring discrepancy between the Game Scorecard and Master/Handicap scorecard, the higher of the two shall be the score.
