

The Rabbit – Pace of Play Leader

Are we falling behind? Remember: your spot is *right behind the group in front of you*, not *ahead of the group behind you*!

Your Mission:

Help your group keep up the pace and suggest ways to move things along (nicely, of course).

1st Tee : Tee off after group in front of you reaches the putting green.

READY GOLF

- Be ready when it's your turn—grab a few clubs and go!
- Drivers: drop off your passenger, then drive to your ball.
- Passengers: don't wait for a ride—start walking to your ball.
- Don't sit and chat in the cart if you can walk to your shot.
- Hit when ready if it's safe—just stay out of each other's line of fire.

SAVE TIME

- Take your club with you—clean and put it away later.
- If *any* two players finish putting (even if not same cart), they can hustle to the next tee and tee off.
- Write scores at the next tee, not on the green.

Thanks for being our Rabbit! 

Please tell a board member how it went — we're all ears!
